

DASI Solutions - SolidWorks® Engineering Stimulus Package™ PROGRAM DETAILS:

The DASI Solutions - SolidWorks Engineering Stimulus Package targets all engineers and designers who are unemployed and seeking to improve their CAD/CAE skills to increase their appeal to potential employers. The program offers:

- A free, downloadable version of SolidWorks Standard 2009 and SolidWorks eDrawings
- Online documentation and access to User Group Networking meetings
- Access to video training from SolidProfessor and DASI Solutions HelpDesk
- A discounted Certified SolidWorks Associates exam

This program reinforces DASI Solutions and SolidWorks commitment to help engineers by providing them with the right tools to design better products. We have received extremely positive feedback, such as the following from Eric, a customer: "...It is difficult to afford these training materials when you are unemployed. I applaud your offer and see it as great promotional tool for your company and product. There is no more grateful a person than one who is given a hand in their greatest time of need. Thank you, Eric"

DASI Solutions is looking forward to re-skilling the Designing Engineer for Emerging Sector careers tie to the SolidWorks Engineering Stimulus Package.

SolidWorks® Engineering Stimulus Package™ Program FAQs

When will the SolidWorks Engineering Stimulus Package be available?

April 6, 2009 through June 30, 2009

How can I obtain a copy of the SolidWorks Engineering Stimulus Package?

The SolidWorks Engineering Stimulus Package can be downloaded via the web from www.dasi-solutions.com under the Announcement section. DASI Solutions will request a copy of your current resume for future reference.

What is included with the download of the SolidWorks Engineering Stimulus Package?

The free download of the SolidWorks Engineering Stimulus Package includes:

- SolidWorks Standard software
- Solidworks eDrawings® software
- Complete online documentation

For more information about SolidWorks Standard software, please refer to <http://www.dasi-solutions.com/productPages/solidworks.html>

How long can the SolidWorks Engineering Stimulus Package be used?

90 days from the date of activation

Can I receive technical support for the SolidWorks Engineering Stimulus Package

Dassault Systèmes SolidWorks Corp. does not provide direct support for the SolidWorks Engineering Stimulus Package beyond online documentation. The SolidWorks Engineering Stimulus Package discussion forum is an online message board where you can interact with other users and share your experiences. You can access the forum at <http://forum.solidworks.com/>. DASI Solutions will provide additional DASI HelpDesk Support for SolidWorks via <http://dasi-solutions.com/helpdesk.html> in a manner that respects the needs of existing commercial customers.

Can the SolidWorks Engineering Stimulus Package be installed and licensed on an additional or different computer than the one on which it was originally installed?

No. According to the License Agreement, "...you may use one copy of the Software on any single computer for 90 days beginning on the date you install the Software..." and "...the Software will be node-locked onto the first computer on which you install it..."

What are the terms and conditions associated with the DASI SolidWorks Engineering Stimulus Package?

The End User License Agreement for the SolidWorks Engineering Stimulus Package can be viewed during the download process.

Where can I get help understanding the SolidWorks Engineering Stimulus Package?

For more help with the SolidWorks Engineering Stimulus Package, contact DASI Solutions at 888-327-2974 x 243 or david@dasi-solutions.com

Who should I contact for additional information about SolidWorks products and/or free training?

Please refer to <http://www.dasi-solutions.com/Seminars.aspx> for free technology seminars and FREE Hands On Test Drives. Free on-line videos are available through SolidProfessor, SolidWorks on-line help and DASI HelpDesk at <http://dasi-solutions.com/selfHelpGuides.html> Visit www.dasi-solutions.com for a complete listing of SolidWorks User Groups meetings and other networking activities. NOTE: There is no cost to attend SEMINARS, however, prior registration is required and attendance is limited to those who register in advance and receive confirmation from DASI.

Can I purchase Certified SolidWorks Training and additional training materials from DASI Solutions?

Visit <http://www.dasi-solutions.com/training.aspx> for an overview of fee based training programs available through DASI Solutions as a Certified SolidWorks Training provider of instructor led courses. NOTE: Again, there is a cost associated with attending these classes which will require payment guarantee by the student attending the requested course.

Does DASI Certified SolidWorks Training qualify for funding by government or Workforce Development grants?

In some situations, Yes , but it is "case by case" depending on the individual applicant. For those candidates who qualify for No Worker Left Behind funded training for the displaced Designing Engineer, please contact David Darbyshire directly at 888-327-2974 x243 or via email at david@dasi-solutions.com prior to enrolling in the DASI Certified SolidWorks Training under <http://www.dasi-solutions.com/training.aspx> . NOTE: DASI Solutions can assist displaced workers currently working with an Unemployment Case Manager with applying for DASI Certified SolidWorks Training funding.

Where can I learn more about the SolidWorks Engineering Stimulus Package?

For more information on the DASI SolidWorks Engineering Stimulus Package please visit: <http://www.dasi-solutions.com> or call David Darbyshire at 888-327-2974 x243 or email at david@dasi-solutions.com

About Dassault Systèmes SolidWorks Corp.

Dassault Systèmes SolidWorks Corp., a Dassault Systèmes S.A. (Nasdaq: DASTY, Euronext Paris: #13065, DSY.PA) brand, develops and markets software for design, analysis, and product data management. It is the leading supplier of 3D CAD technology, providing intuitive, high-performing software that helps product design teams develop great products. For the latest news, information, or a live online demonstration, visit the company's Web site (<http://www.solidworks.com/>) or call 1-800-693-9000 (outside of North America, call +1-978-371-5000).

About DASI Solutions

Founded in 1995, DASI Solutions assists Emerging Sector companies in the implementation of CAD, CAE, and PDM collaborative technologies used in the product development process by the Designing Engineer. DASI Solutions offers a host of Solution Partner software products that are tightly integrated with SolidWorks & Simulation as well as being the exclusive Objet Alaris30 reseller in Michigan, Ohio and New York. The company has authorized sales, training, and technical support facilities located throughout the Great Lakes Region. The headquarters are located at 675 Orchard Lake Road, Pontiac MI 48341. Please visit <http://www.dasi-solutions.com> or call 888-327-2974 for more information.
